

## Polymerase Chain Reaction (PCR) Test Arrangements

Warm Greetings from Cora Cora Maldives

In view of the current COVID-19 pandemic, your health and safety are of utmost importance to us. With various airlines and countries requiring a traveler to have a negative COVID-19 test result before boarding a flight or entry into the country, we will be providing a seamless process for guests to obtain PCR test result before departure.

Price of COVID-19 PCR Test:

Price	Inclusions
USD 70 net per test kit (Inclusive of all government taxes)	- PCR swab sample collection will be facilitated by our resort doctor - Logistics and transfer of collected samples to authorized Laboratory - Laboratory test results with documentation - Administration fees

Kindly note that COVID-19 PCR testing arrangements will be charged to guest account. All guests requiring a PCR Test upon departure should inform this at the time of booking & upon arrival to the resort.

### Procedure

- PCR screening shall be conducted 72-96 hours before departing Maldives, depending on requirements of individual airlines and your end-destination.
- Your Freedom Coach will be in touch to schedule an appointment with our resort doctor for the swab sample to be taken.
- Samples will be collected in the resort clinic by our in-house doctor. Two samples will be collected: Oropharyngeal (through throat) and Nasopharyngeal (through nostril).
- Collected samples will be sent to authorized Laboratory for it to be processed.
- The expected announcement of test results will be within 24 hours upon receiving collected samples.
- If PCR test results are positive, the resort team will brief you on the procedures according to the Health Protection Agency's (HPA) guideline.
- In the even that PCR test result is inconclusive, a second test will be required. All costs of second PCR test will be charged to guest's account including express charges.
- For other express charges please contact your Freedom Coach.
