Music Masters

Carol Fernandez

#### **3RD TIME IN A ROW, SHE'S FAMILY BY NOW!**

Born in Berne, Carol Kenzo spent many of her early days listening to music and took classic piano lessons. Influenced by her father Toney D, a DJ producer and composer himself, Carol grew up in a musical environment, got into the music scene and so discovered her love for the turntables. She is constantly spinning in and around Ibiza and is frequently guest DJ at the world-famous radio station "Ibiza Global Radio". Carol is playing all sorts of House, like Deep House, Tech House, Jackin' House, Funky and Classic House. Be excited, because in her own special way, she seems to create an atmosphere like no one else can.

#### **OUR NEW RESIDENT DJANE STARTS WITH A BLAST!**

Music has always been a huge part of the life of the South African DJane, but as soon as she laid her hands on the decks, she felt an inexplicable connection with the music. DJing became a mean for Jénica to tell a story through music, to express herself in a way that makes sense to her. Her musical style is a unique combination of deep house and disco, creating a lively and uplifting atmosphere that brings a smile to people's faces. She gravitates towards what best can be described as "happy feel music" - tunes that exude positive energy. Additionally, she has a special affinity for tracks with captivating and sultry female vocals.

G-Side Collection

#### WE SURE LIKE OUR REPEATERS!

Formed in 2012, always sets the stage on fire with a combination of R&B, Pop, Neo Soul, Rock and Old school favorites. Versatility is one of their major assets and they are sure to make any entertainment event a success. You will truly enjoy them as they capture your hearts through music and entertainment. A 6-piece band consisting of 2 vocals, a guitarist, a bass player and a drummer/sampler, that will keep your legs moving all night long!

Light Mirror Show

#### **LIGHTEN UP THAT PARTY!**

Light Mirror Show, most famous for their collaboration with Paris Hilton and David Craig at the opening of a brand-new club in Abu Dhabi has abundantly demonstrated the professionalism and caliber of their entertainment program. They made some huge waves at the SoundStorm 2022 festival in Saudi Arabia and while on Neom Island they were the first performers of entertainment. Their show is captivating and fascinating spectators all over the world by exhibiting the best light display, laser- and fire shows one could imagine.
