**SPA MENU**

Living in today's fast-paced world, the stresses of modern life are unrelenting with intense demands being made on our time and energy every single day.

As individuals, our strong desire to be our best self sees us striving to learn new skills, achieve more at work, be a better parent, partner or friend. The constant urge to always be pushing forward, to do more, to be more is real... and it's exhausting and overwhelming.

We believe that everyone deserves kindness and self-care, whatever that looks like for you. For us, it's about providing a place where you can shine in your own kind of light, surrounded by opportunity and a dedication to wellbeing.

We call it **MOKSHA**®  
It's natural, real and unfiltered.

In keeping things real, we don't make any claims on our ability to unravel years of stress or dramatically transform your health during just a week's holiday because we're experts and we know it takes a little longer than that..

**BUT** what we can do is give you a beautiful escape, a place to replenish your energy, to move, play and care for your body, a place where you can relax your mind and reconnect with your heart.

It's a complete wellbeing mecca and it's yours to recharge on your terms, because everyone deserves the freedom to transform.

Moksha means Freedom in Sanskrit.

It is a state of eternal bliss.
